Business Operator:

With the advancements in Point of Sale (POS) technology and the increasing costs associated with item pricing, the Office of Consumer Affairs, with the approval of the Putnam County Legislature, has instituted an Item Pricing Waiver Program. The program is detailed in Chapter 173, Section 8 of the Putnam County Code.

Your business may be eligible to make application for the item pricing waiver, provided it meets the requirements as listed in Chapter 173, Section 8. Should you be eligible and elect not to participate in the Item Pricing Waiver Program, your business will be subject to the current item pricing regulations. Item pricing requires that every item, with some listed exceptions, must be properly affixed with the correct price.

A copy of the law may also be found under the "Weights & Measures" section on our website (<http://www.putnamcountyny.com/consumer-affairs/downloads/>). If you have reason to believe that your business should not be subject to item pricing regulations, please submit your reasons in writing this Office at the address above.

Please feel free to contact our office at (845) 808-1617, ext. 46109 and speak with our Weights and Measures Inspector, John Lee, should you have questions or need further information.

We look forward to working with you to ensure a successful implementation of this waiver program, and hope that your business will benefit from this initiative. Recognizing our shared responsibilities and commitment to provide a fair and balanced consumer marketplace, I thank you in advance for your cooperation.

Sincerely,

Michael Budzinski, PE
Director
